WHAT'S NEW?

Here at Releaf, we do our very best to release new and innovative plants to the market for each growing season. Spring of 2020 is no different and we are proud to present several new, stunning varieties of your favorite bedding plants.

Firstly, many new varieties of our time honored herbs have been added to this year's catalogue. Be sure to take a look at the multiple new crossbreeds of mint to use in your cooking!

We've also expanded our catalogue to include both seed packets and bulk plant orders to better suit the needs of both our casual gardeners as well as outlet stores and other greenhouses. This will help everyone with competitive pricing and easy ordering.

Unsure if we have something? Check out our website at releafgreenhouseservices.com for our full selection of available plants and supplies.

We look forward to hearing from you and wish you all the best in 2020! Plant on!

FIREWORKS

If you've got planters on the south side, you know you need plants that can withstand some serious heat. Why not embrace the temperature with some bright hot colors as well?

LANTANA

Landmark Citrus

LANDMARK SERIES

Do-it-all, plant-anywhere, heat-loving southern favorite produces a steady stream of incandescent flower clusters from spring into fall. Choice cultivar with trailing growth is a natural for group plantings, excelling as a groundcover, beguiling in the border, or joyfully cascading. A magnet for butterflies and hummingbirds, low-upkeep plants are heat-tolerant, drought-resistant and deer-resistant. Height: 15-20". Spread: 18-24".

Endurance Hybrid

NASTURTIUM

Double Gleam

NEW DOUBLE GLEAM MIXED

Classic rambler with large, fragrant, double and semi-double blooms in scarlet, orange and gold. The showiest of all mixes. Good groundcover in beds and does well on trellises or fences. Prefers poor, dry soil; rich moist soils produce mostly foliage and few blooms. Does not transplant well. Height: 24-36". Spread: 6-8".

73080A 25 seeds per packet **\$5.95**
21987C 1 order/ 24 plants **\$29.95**

PORTULACA

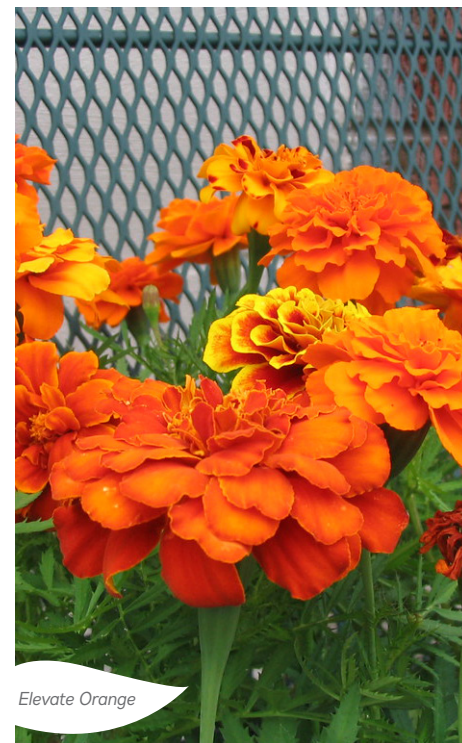

Sundial Hybrid

SUNDIAL HYBRID

All American Selections Winner. Vigorous large 3" double flowers stay open longer than others. In shades of orange and salmon, this flower can light up any sort of planter. Plants flourish in hot, dry places in your garden and can take a beating or lack of water. Height: 4-6". Spread: 6-8".

TREASURE MOUNTAIN HYBRID

Madly floriferous, densely branching sunflower fires up a radiant blaze of blooms. Vigorous, long-flowering Treasure Mountain's plants produce 10-12 stalks shimmering with 8-10 inch golden-yellow petaled flowers with expressive big brown eyes. Color-saturated blooms make for dazzling cut flowers, a single vase illuminating your dining room. Thanks to extended flowering time and flower-packed habit, a swathe of sunflowers forms a luminous wall of gold as a background planting in sun-soaked sites. Wide spacing ensures fullest branching. Height: 8-10". Spread: 20-36".

Tropical Mix

Being in the shade doesn't mean your garden beds have to be dull! Many plants suited for shade sport beautiful colored foliage or flowers that could rival a south sided garden. Plants that grow in shade often have thinner foliage with more surface area and contain more chlorophyll than those leaves receiving full sun, allowing them to be more efficient in harvesting sunlight. Many of these plants also prefer acidic soil- consider planting them alongside evergreens.

IMPATIENS
